Valier, Penn.

Dear Mr. Brauner:

Thank you very much for your letter reporting reception of this station. Being a mite on the tiny size, as far as power is concerned, it gives us a great deal of satisfaction to hear from one of you fellows.

If I am not mistaken, I sent you a reception report once before, while employed at WOXF, Oxford, North Carolina? Am I correct?

We sat up with Hurricane "Connie" continuously for 89 hours, and it looks like we may do some courting with a Hurricane named Diane. She is do to hit here in the next 36 to 48 hours, and they say she's a whole lot rougher than "Connie". There will be very little sleep for the weary, until she is gone.

I was the announcer you made reference to in your report, but in a small station, this job is title alone. Besides doing most of the selling and inside management, I still work in close to two hours a day air time.

Used to work with a lad from Punxsutawney, and he took quite a heap of kidding about his home town. Low and behold, a record entitled "Punxsutawney Boogie" came in the other day. Have you heard it? Then, I received your letter. I believe you have a radio station there now, don't you? Seems I've read about it in Broadcasting & Telecasting.

Well, have to get up a newscast, so I'll cut this QRM. Thanks for the interesting letter, and please give our regards to all DX'ers, everywhere.

With kindest personal regards, we remain,

Very sincerely yours  
*George A. Corkum*
