Dear Mr. Brauner, Thanks your letter of Dec. 12, re your reception of us that morning.

I have verified the segments you quoted - they tally exactly, so your "old, large, super-hot" is working well!

We do not have regularly scheduled freq checks, only whenever we have variations to warrant them. Our regular hours are: weekday, 5:30 to 10:40, Sunday, 6:00 to 11:15.

Its nice to know that our little new (May 17, 1953) station is reaching out so well, and we appreciate your letter. We are happy to give you a 100% verification.

Very sincerely and good
D. Fin!
