Dear "J. W.":

Williamsville is located very near Canada, is it not?  
We plan to pinpoint all replies, and yours was  
most welcome.

I did enjoy my venture into all night radio, but it  
took four days to catch-up on my sleep. I have  
always wanted to get either a night-time "VJ"  
job, or a part-casting position. Maybe that's as  
far as I'll get, seeing as I have been grounded by  
a typhewriter.

Enclosed, you will find your "revis".

Yours most thankfully  
George A. Corkum
