Dear Mr. Brauner,

This letter is a verification of your report on Radio Station KFNW, Fargo North Dakota. It was interesting to note that we had listeners in all parts of the United States and Canada tuned to our equipment test program. We plan to go on the air in a matter of a few days. We are enclosing some literature that we thought might be of interest to you. Thank you for your letter and may God richly bless you.

Sincerely,

Clarence W. LaBonte
