Dear Sir:

In reply to your letter of February 10, 1948 reporting reception of KOLN on Tuesday February 10th.

KOLN was on the air, but without modulation except station breaks and sign off as I was doing some maintenance work. I did sign off with the time statement of ( Exactly 1:3000 ) as you report hearing.

Our frequency is 1400 KC. Power 250 watts, using a W.E. 451-A1 Xmitter. Our antenna is a series fed 175 ft., vertical.

We started regular operation August 11, 1948.

Many thanks for your report.

Sincerely,

*Harold C. Cook*
