Dear Sir:

Thank you for taking the time to listen to us and write in! I am pleased to verify your reception of WFTN, testing with 1,000 watts of power Monday Morning, February 9, 1976, from 0120-0158 EST.

Your report in detail was correct in every way, and your letter was more than interesting.

I am a Massachusetts transplant, and I must admit there are some beautiful areas up here, but none as beautiful as the western part of the Bay State! Too much poverty up here. It's a nice place to visit, and that's that, although I love my work here and have made a lot of good friends!

Again, thank you, and 73 and the very Best DX!
