Dear J.W.

Received your very nice letter and was sure pleased to hear from you - I'm very pleased to know you can reach us over 500 mi away - your hearing was o.k. as it was us that you heard - Not being sure if our signal is cut in your direction but have every reason to believe so - I'm only here for a short time and havent found out all as yet but as every-thing else it takes time to familiarize oneself with everything - Yes we are a 1kw sta - with a pair 833's in the finals and a Collins Xmitter. which is putting out very well - for its constant use. - Just had a freq. test and all is on the button - Well, J.W. it being Xmas I find my self very busy and will have to end this note and wish to extend my very best wishes for a Merry Xmas + a Happy New Year - to you + yours -

Sincerely Yours,

C.E.
