Dear Mr. Brauner:

This is a very belated reply to your letter dated Feb. 18, somehow or other it was overlooked and I am very sorry you had to wait this long for a reply.

We are very happy over the interest you have shown in receiving WJLK and hope this letter will suffice for verification since we have no more cards.

I have checked our logs and they are in complete agreement with the information you sent in your letter.

WJLK operates normally from 7:00am to midnight except Sundays then our schedule is 7:58am to mid. our power is 250 Watts into a vertical radiator one quarter wavelength long.

If you do any listening on FM you may be able to pick us up on 94.3 MC. The operating hours are the same as AM but we have an eff. power of 1000 Watts on FM.

Sincerely yours,

Frank Huber
