J. W. Mathis - Engr.
Mon., Tue., & Sat. eves.
Sundays - all day

Dear Mr. Brauner:

Thank you for your fine report on our signals. We were quite pleased to get it. This station used to be WMLV, however, when the ownership was recently changed, so were the call-letters.

I was engineer last Sunday, as usual, and I logged our sign-on at 7:00 A.M. with a weather report at 7:02. This is as you have logged the transmission in question, so I would say that it was definitely our station, WMVB. Thanks again for the report.

Best wishes to you and all members of the N.R.C. - Sincerely, Jay W. Mathis
