Mr. J.W. Brauner  
23 Howard Avenue  
Williamsville 21, New York

Dear OM :

Thank you very much for the swell letter. I was surprised to hear from some one so far away. Before your letter the farthest place that we heard from was St. Louis, Mo. We were on the air Dec. 15 at 2:20 AM MST. We have a Raytheon 250 Watt rig with 810's in push pull. Our tower is 300 feet tall so we are very close to a half wave. Again I thank you for the nice letter.

73s /
