Mr Brauner:

KOAT did modulate carrier with a 1000 ν tone on the date mentioned. After the regular freq. check time X-tals were adjusted and rechecked. Our carrier was on from 2:00 A.M. M.S.T. until 2:47 AM

Regular freq. checks are held on first Wednesday of the month, from 2 AM until 2:30 AM M.S.T.

We are glad to answer letters or cards sent in by listeners from far or near. We would appreciate listeners giving make and type of receiver used.

Sincerely,

E. L. Ford
