Dear Mr. Brauner:

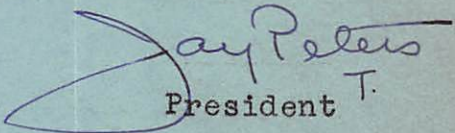

Thank you very much for your letter of the 27th in reference to our program of the 27th.

As nearly as we are able to check with the information you sent us, we believe you did get this station. We signed off at 5:00 AM E.S.T., as you report. However, we are unable to identify the selections played as you report on them, because we had a rather mixed program and we do not recognize the numbers you mention.

We expect to be on the air again Sunday night and Monday morning, testing, and we hope that you will again try to get us. Tune in and let us have your report.

Very truly yours,

JAY PETERS, INC.
