Dear Mr. Brauner,

I want to thank you for the very nice letter we received from you and also to apologize for answering it so late. First of all, Boots Bell is no longer connected with this station. He is now located in Ohio. I have taked his place as engineer on a part time basis. Naturally, it has taken me some time to get used to the routine around here, thus the delay,

I believe the transmission you heard was the first freq. check I made as the new engineer.

Sorry to make this such a short letter but I have to run. Thank's again for the reception report, it was entirely accurate. Write again sometime.

Sincerely,

James Taster, Cheif Eng.
