Dear Radio Friend:

We are very happy to know that you are getting the programs that we are broadcasting from W E V D. We hope you will continue to check up our programs and that you will let us know from time to time what you think of them. If you have any suggestions, will you be good enough to send them to us as it is our whole aim to please our listeners?

W E V D is operated as a monument and testimonial to the life and work of Eugene V. Debs -- the great humanitarian, labor leader, and Socialist.

W E V D is devoted to idealistic purposes -- to causes of Labor, Peace, Progress, Humanity.

W E V D is not operated for money profit.

W E V D is supported by contributions from men, women, and organizations who are interested in better conditions of life and opportunities.

W E V D desires and needs, if it is to exist at all, the aid and support of each and every person and group that cares for a finer and fuller life.

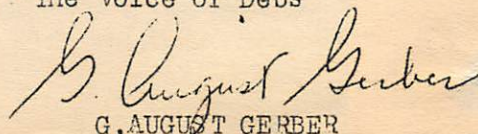

If you like the work we are doing; if you think that there is need for W E V D -- a radio public forum; will you please send us your money contribution to help us in our work? And, too, send us the names of friends and sympathizers to whom our appeal for help ought to be sent.

We hope, now that we are acquainted, that we shall continue to be friends.

With best regards, we are

Sincerely yours,

W E V D, "The Voice of Debs"

G. AUGUST GERBER
