Dear DX.Friend:

Many thanks for your kind letter of September 7th. reporting your reception of **WFAS** during our frequency test program. Your friendly comments are highly inspiring and flattering. We have equipped our new station with a brand new R.C.Powell Transmitter, Mixing panel and use new Condenser and Carbon Microphones.

We are very happy to learn of the high quality of strenght and quality of tone. We trust that you will locate us earlier on our next test-program for which no date has been set as yet by the commission.

Your report on our program is 100% correct according to our official log.

Thanking you for your good wishes

Most sincerely yours,

Frank A. Seitz
