Mr. J. W. Brauner
17 Spring Street
Williamsville, New York

Dear Sir:

Thank you kindly for your very interesting and thorough report of reception of July 28. Your description of program checks with our log and you may consider your report as officially verified. We do not have a regular printed verification card, so we ask you to accept this letter instead.

You certainly must have been an enthusiastic radio listener for a long time since our station call letters have not been W E A I since 1932. From 1932 until 1940 the call letters were W E S G, and were changed to W H C U only last month.

We are glad to hear that you have such satisfactory reception of our signals in Williamsville since this is considerably beyond the range of our normal coverage estimate. We shall be glad to hear from you again at any time.

Very sincerely yours,

T. McLean.
