Dear Mr. Brauner:

Thankyou for a very fine letter regarding our program deicated to the N.R.C. We enjoyed receiving it and reading it. Sorry there was so much QRM on our channel. I think 1490 is undoubtly the most crowded channel in the broadcast band. Next time we'll make earlier so that the stations warming up to go on at 6 am. will not interfere with the latter part of the broadcast. However, the material you received checks accurately with our logs. Please consider this as a verification of reception of this station's signals. Good luck and Happy DX'ing.

Sincerely yours,

Marvin Seimes
