Mr. J.W. Brauner
23 Howard Street
Williamsville 21, New York

Dear Joe;

It was with pleasure that we received your recent report of reception of WNRC.

This letter will serve as VERIFICATION of your having heard WNRC on March 15, 1954 from 3:25 to 4:40 am EST.

At date we have received 50 reports from 25 states and 3 from Canada. Our most distant listener is Spokane, Wash.

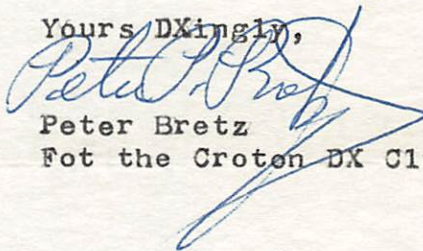

WNRC uses a 500 watt Gates transmitter and a 120 foot non-directional antenna. The studios are equipped with Raytheon.

We, the members of the Croton DX Club, sure had a lot of fun putting on the show for our fellow NRC members.

Thanking you for your report and wishing the best of the better brand of DX in the future, I remain

CDXC:pb

Yours DXingly,

Peter Bretz
