Mr. J. W. Brauner
17 East Spring Street
Williamsville, New York

My dear Mr. Brauner:

We wish to acknowledge your report on the reception of WOR's special program broadcast for the Newark News Radio Club.

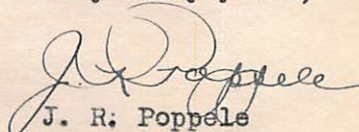

We regret our delay in answering your communication, but it was necessary to first forward all of these reports, which were very numerous to the Newark News Radio Club in order that they might take care of inquiries concerning membership and other information in connection with the Club's activities.

The program data which you supplied has been verified with the entries in our station log and is correct. WOR is pleased to know that you enjoyed the program, since a great effort was made to make this Newark News Radio Club show rather original by broadcasting a regular meeting of the Club.

Plans are being made for another Newark News Radio Program in the near future. The time of this broadcast and its proposed scheduled date will be announced through the DX Column of the Newark Evening News.

Your reports on the reception of WOR together with any comments or suggestions will always be welcomed. Thank you again for your interest.

Very truly yours,

J. R. Poppele
Chief Engineer

JRP/MM
