Dear Mr. Brauner:

Thank you very much for your letter of December 28, and for calling to our attention your QSL of February 1, 1947.

Both your reports were correct and complete and this will verify same.

Our transmitter is a Raytheon, RA 250, 250-watt power, and our antenna is a 406 foot vertical radiator.

It is gratifying to know that our signal comes in so clear in Williamsville, and that you enjoy the programs of WRNY.

Sincerely yours,

A handwritten signature in cursive script, appearing to read "Felix D. Bonvouloir".
