July 21, 1949

Mr. J. W. Brauner
23 Howard Ave.
Williamsville 21, N.Y.

Dear Sir:

This is to acknowledge receipt of your letter dated July 19, 1949 for which we thank you.

I hope you will excuse us for not answering your letter of Feb. 25th. At the time your letter reached us we were in the midst of organizing our office staff. Several listening reports were misplaced and we regret to say went unanswered. As far as I know yours is one of the last of the early reports.

We here at WBBW are pleased to receive reports from distant listeners. We have had reports come in all the way from Toronto, Canada to Georgia and from Massachusetts to Iowa. We are quite proud of the signal we are sending out on 250 watts.

Frequently we are asked about the equipment we are using. Our transmitter is an RCA BTA-250L. Our tower is a self-supporting type Truscon 150 ft. high and all audio equipment is Western Electric.

Checking our logs of July 19th. I find your reception is correct so this is to verify your report. Again thanking you for writing I am,

Sincerely,

Samuel Bernstein
