

RADIO AIR SERVICE CORP.
CLEVELAND, OHIO

January 12, 1934

Dear Mr. Brauner:-

It is a pleasure to know that reception in the vicinity of Buffalo is as good as you report. We realize, of course, that our nighttime signal is badly distorted and it is not particularly surprising that daylight cuts down our transmission although we boost the power then from 1000 to 2500 watts.

This letter will verify your report of reception, which checks in detail with our schedule.

Sincerely yours,

Deane S. Kintner
Director of Public Relations

Mr. J. W. Brauner
