VICE PRES. & GEN. MGR.

DAYTON, OHIO

October 24th, 1941.

Mr. J. W. Brauner  
17 E. Spring Street,  
Williamsville, New York.

Dear Mr. Brauner:

This will verify your report of reception of station W I N G , operating on a frequency of 1410 kilocycles, with a full-time power of 5,000 watts, September 29th, 1941 - 7:00 - 7:30 AM-EST.

It is gratifying to know there has been an increase in signal strength in your area over a year ago. At the time of your previous report W I N G operated with but 500 watts, whereas since last January we have been on with 5000.

Thank you for your very complete report.

Very truly yours,
