23 Howard Ave.
Williamsville 21, New York

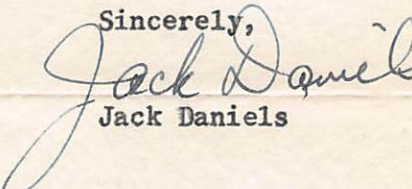

Dear Sir:

This is to verify your report of reception dated September 29th, 1952. Thank you very much for reporting to us. In checking program log, we find your info entirely correct. According to transmitter log, frequency deviation was plus 2 at time of your check.

WKOV began its regular operations Saturday morning June 21, 1952. WKOV utilizes a power output of 250 watts with an antenna height of 205 feet. Studio and transmitter are located 22 miles south west of Wellston on State Route 788.

Many thanks for your reception report.

Sincerely,

Jack Daniels
