Dear Mr. Brauner;

Thank you for the fine report of our special program. I am happy to verify your report of reception correct for the second time.

I was glad to run this program for all the DX fans because I get a kick out of looking over the band when I have time.

I think our location has a lot to do with the way we get out, but this is sort of a hobby with me so I keep adding things.

The next time you pass through Bellefontaine, give us a call or stop in for a time and look around. Again thanks for the letter and the best in DXing.

Yours truly,

C. Chamberlain, owner
