Thanks for the second reminder. I was not a member of the staff when your other verification Request was received however a check of program & transmitter log shows we were running program tests from 3:41 A.M. until 4:20 A.M. on the morning of April 6th/19/49. We hope this will serve to verify your detailed Report of Reception.

In reference to our special schedule under special permit we operate 6 A.M. till 5:35 P.M.

Thanks for your interest

Yours truly
