Dear Sir:

Received your letter of Feb. 9th and am happy to report that the program you heard was indeed KAST. I had done some maintenance work on the transmitter that night and as usual, I run a test broadcast to make sure the transmitter is in good working order.

I enjoy Western type music quite well and that is the type I usually use on such test broadcasts. One of the records used that night was Hank Snow's "There Wasn't an Organ at Our Wedding". I don't remember the other numbers now but they were Westerns.

Glad you finally picked us up and thanks for the letter.

Very Truly Yours,

Bruce Whitwell
