Dear Mr. Brauner:

We wish to extend our thanks to the Newark News Radio Club, the National Radio Club, their members, and others who cooperated with KBKO in its DX Program of March 27, 1949.

The reports were very gratifying and we received letters and cards from Seattle, Washington to San Diego, California and from Burlington, Vermont to Grimsley, Tennessee. It is unfortunate that a co-channel radio station in the East was testing during the DX Program.

This is to thank each one of you individually, and is your verification for having identified station KBKO correctly.

For greater DX listening in the future, we remain

Yours sincerely

KBKO
