J W Brauner;

I am Pleased to verify your report on the DX pgm from KLBM. I have had several very good reports from the East and North, including one from Dixfield, Maine. Here's the dope on the rig:

Power	250W
Rig	Composite- low level modulation
Antenna	173' wide base grounded tower
Modulators	2 807's
Final 2	2 250TH's in Push Pull

Thanks a lot for the report, and best wishes,

Murray M. Durham
