Dear Sir:

Thank you very much for your kind letter of November 10th, reporting reception of KOOS on that date, during our regular frequency check program from 1:00 to 1:20 A.M., P.S.T.

This will verify your report of reception of KOOS on that date. We were broadcasting on 1200 kilocycles with 250 watts, and your report checks satisfactorily in every way.

We trust that you will again be able to hear KOOS in the future, and thanks again for your excellent report.

Very truly yours,
