Mr. Joseph Brauner  
17 East Spring Street  
Williamsville, New York

Dear Mr. Brauner:

Please accept this letter as verification of your reception of Radio Station KUIN on the morning of October 16th. and with it our sincere thanks for your report.

At the last minute, we continued the program for an entire hour as several requests came in which we decided to fill.

We are anxious to hear from eastern listeners and will verify all correct reports. However, we will not verify reception unless we are certain that we have been heard - a practice which is not appreciated from some of our eastern fans.

For some time we have been planning a regular program for eastern listeners - say once a month or once every two weeks. We would appreciate your suggestions as to what days and times offer the chances of good eastern reception with a clear channel.

Thanking you once again for your interest in KUIN, we are

Sincerely yours,

Radio Station KUIN  
Grants Pass, Oregon
