Dear Sir:

Received your letter dated August 10 today. Very glad you took time to write. The information you sent certainly is of interest to me. I checked with the announcer on duty Saturday, August 9th. and he verified that it was WBLF you heard according to the info you sent in your letter.

On your letterhead, I notice National Radio Club. Just what is it and who can be a member? Maybe I should already know what it is but I do'nt.

Am busy this morning, so will make this short. Hoping to hear from you again more about the National Radio Club.

Yours Truly,

J. Glen Daugherty ce
