

WHYL

South Central Pennsylvania's Music Station serving
half a million listeners with "Music a la WHYL."

WHYL BUILDING -:- CARLISLE, PENNSYLVANIA

January 15, 1953

Mr. J. W. Brauner
23 Howard Avenue
Williamsville 21, New York

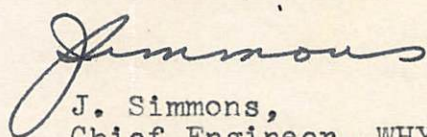

Dear Mr. Brauner:

Your very welcome DX report was received and noted to be correct. We appreciate all the very nice things you said about us, and hope you will be able to listen to us often.

As you probably know, WHYL is a kilowatt, independent daytimer, using RCA equipment. Our tower is a simple, non-directional, guyed type, 200-feet high, and we operate on 1380 kc.

Once again, thank you for your report.

Very truly yours,

J. Simmons,
Chief Engineer, WHYL
