DEAR SIR:

I HAVE RECENTLY RECEIVED YOUR RECEPTION REPORT AND IT IS TRUE AND ACCURATE AS LOGGED.

THIS TEST WAS A REGULAR SCHEDULED TEST AND MAINTENANCE PERIOD WHICH WE HOLD THE FOURTH WEDNESDAY OF EVERY MONTH. OUR NEXT ONE WILL BE COMING UP IN THE MONTH OF JANUARY ON WEDNESDAY THE 27TH STARTING AT APPROXIMATELY 00:15 E.S.T. AND RUNNING FOR A FEW HOURS TO CHECK OUT ALL MONITORING EQUIPMENT AND TRANSMITTER.

THIS STATION USED TO BE WHTT WHICH YOU HAD HEARD BEFORE, BUT LAST APRIL THE CALL LETTERS WAS CHANGE TO CORRESPOND^{TO} THE LETTERS WITH THE CITY OF HAZLETON.

THE STATION IS LOCATED ABOUT 1 MILE ON THE OUTSKIRTS OF THE CITY OF HAZLETON. WE HAVE TWO TOWERS IN AN ARRAY PUTTING OUT TO THE NORTH WEST. ENCLOSED IS A COVERAGE MAP TO GIVE YOU SOME IDEA OF OUR PATTERN.

GLAD TO HAVE HEARD FROM YOU, AND IF YOU NEED ANYMORE INFORMATION ON THE STATION JUST DROP ME A LINE. HOPE THIS HELPS YOU AND ALL THE OTHER MEMBERS OF YOUR CLUB.

INCIDENTELY THE FURTHEST I HAVE EVER RECEIVED A DX REPORT FROM WAS A CITY OUTSIDE THE CITY OF BRISBANE IN AUSTRALIA.

THANK YOU:

VERY TRULY YOURS:

Edward G. Dechman
