Mr. J. W. Brauner  
17 Spring St.  
Williamsville, N. Y.

Dear Mr. Brauner:

I wish to thank you very much for your report of reception on WKPA on November 30, 1940. I am very sorry that you had such difficulty in receiving our signals. I hope that you may be able to receive some of our future tests with better volume and receiving conditions next time. May I state that we have never received a single report of reception from your section showing satisfactory reception. It must be due to the location of our radiator,

What you received of our maintenance test program was correct.

Yours very truly,

*Henry C. Mattingly*
