YEAR BOOK"

"Divine Healing Today" gives his life story, and nineteen sermons on Divine Healing. The medical corps of the United States Army confirms the truth of this—the most remarkable modern instance of God's Healing power. He was officially declared permanently, incurably incapacitated. Then he was instantaneously restored,—as attested by the mayor of Pittsburgh and many others.

This remarkable volume also contains an explanation of every Bible verse that teaches Divine Healing.

Ten thousand copies have been sold in the first weeks since this book was issued.

"The Glory Barn Gospel" contains Evangelist Sproul's best addresses on the Holy Spirit and the higher life. Every new convert, and every Christian who desires to 'grow in grace' should have this unique volume.

"John W. Sproul Year Book". This, latest and largest, of Evangelist Sproul's writings contains a carefully selected Bible passage, the couplet of one of the 'Glory Barn' hymns, and the very choicest selections from the world's wealth of devotional literature — for each day of the year. This volume was planned to guide the growing christian in his devotional life, and to assist those who wish to set up 'the family altar.'

GOODBYE McKEESPORT!

GOOD NEWS FOR RADIO FRIENDS!

May 12, 1928

Dear Co-worker:

You have been so faithful in sending in your words of appreciation, and gifts, throughout the long fourteen weeks of the McKeesport Glory Barn campaign, that we know we do not need to urge, when there is a need to be supplied! The "Good News" referred to above is the fact that there is a prospect that the radio station W.M.B.J. ("Where Many Believe Jesus") will NOT CLOSE, but keep right on shouting out the "Full Gospel" for soul and body, through the summer months!

We know you are eager to co-operate! We are also enclosing the little "FAREWELL LOVE OFFERING ENVELOPE" and the envelope in which to return it to the Glory Barn. CAN'T YOU BRING IT? Otherwise mail it promptly please!

Gratefully yours,

Sproul
