Mr. J.W. Brauner,  
17 East Spring Street,  
Williamsville, N.Y.

Dear Sir,

Many thanks for your report of reception of this station during a frequency check transmission on the morning of Wed., Sept. 24. We regret that you were unable to receive the rest of the program that was obliterated by other stations occupying 1490 K.C.

Possibly in the near future, we may rearrange our test schedule to a date when less interference prevails. In any event we will appreciate any reports of reception that you may send us in the future if you should happen to be listening in. Wishing you luck and lots of DX, I remain

Sincerely yours,
