STATE COLLEGE, PENNSYLVANIA
"Right in the Center of the Keystone State"

Dear BCL: We hereby acknowledge receipt of your communication regarding reception of Wpsc

~~Our regular broadcasting schedule now includes programs from 8 to 9:30 p. m., E. S. T., each Monday and Wednesday. We expect in the near future to add Sunday morning College Chapel services at 11 o'clock. We always appreciate comments on our programs and trust we may hear from you again.~~

This station is owned by The Pennsylvania State College, operated by the Department of Electrical Engineering, with programs arranged by the Department of Public Information.

The College has undergraduate schools of Agriculture, Chemistry and Physics, Education, Engineering, Liberal Arts, Mines and Metallurgy and a Graduate School. Correspondence Courses in Agriculture, Engineering and Education. Inquiries may be addressed to Department of Public Information, State College, Pa.

Wpsc

Oct. 29, 1929.

Dear Mr. J.W. Brauner,

Your report was interesting in that it is absolutely correct. Up until the game two weeks ago this station did not broadcast the games of this school during the present semester. We will be on with the Bucknell-Penn State game on Saturday Nov. 16. Other programs at the present time are Monday noon 12:00 Agricultural program. Sunday morning at 10:55 to 12:10 the Chapel service of the College. Other programs will be arranged soon to make more complete use of the station time and facilities.

Gilbert L. Crossley
Gilbert L. Crossley,
Instructor in Radio Engineering
Chief Engineer of WPSC, W8XE, W8YA.
