Dear Mr. Brauner:

This will verify your reports on WRAK morning programs. Naturally, we are very pleased to hear from your location and appreciate your taking time out to drop us a line.

WRAK's transmitter and tower are still at the same location as you referred to in your letter. Very rarely have we been able to obtain much distance due to so many stations being on this frequency and due to the time of day. If you have any more reports, we would be very glad to hear from you. Thank you very much.

Very truly yours,

WRAK, Inc.
