Dear Mr. Brauner:

Your report of reception during our testing period on or about April 20, 1964, was and is greatly appreciated.

We began official broadcasting May 18, 1964, we operate from 6 AM to 8:30 PM during the summer months. But, actually this is a daylight operation and programs must be scheduled from sun-up to sun-down. We operate on a 1,000 Watt power, our call letters are WWBR, 1350 on the dial.

We hope that you are still enjoying our programming and again we thank you.

Sincerely yours,

George Ledney
