Dear Sir:

We acknowledge receipt of your letter of the 28th of Oct. in regard to a report for a frequency check performed by our station around the 6th of December 1948.

Please be advised that on the 6th of December 1948 and according to our records appears said Frequency Check verified between 4:00 and 4:15 AM EST., same was performed by our Transmitter operator, Mr. Santana, on duty on said date.

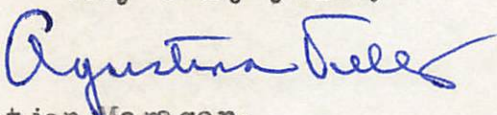

I am very much surprised that you have not heard from us because I am very careful to cooperate with all persons requestings verifications from us regarding our frequency tests, so as to send them the corresponding reply, and yours, is the first that comes to my attention.

We used to have our Frequency Test every second monday of the month from 3:00 to 3:15 EST.

Very much obliged for your interest, we beg to remain,

Very truly yours,

(Miss)
