Mr. J. W. Brauner
23 Howard Ave.
Williamsville 21, N. Y.

Dear Mr. Brauner:

We were very pleased to receive your report informing us that you listened to our initial equipment test on the morning of February 20. It was a big moment for all of us here and we thank you for participating in it with us. We were pleasantly surprised to find our signal getting out as far as it did even though it was at night.

I have several friends in the area and if you get the opportunity you might relay a hello for me to Albert Kaltun at WBUF (Engineer) and Gus Czaplak who is Chief Engineer at WJFL, Niagara Falls.

Once again, many thanks for your cooperation and hope we can make contact in the future whether in person or on the air.

With kind regards, I remain

Very truly yours,

Marvin Matusof
Chief Engineer
