Dear Mr. Brauner;

I am very pleased to acknowledge and confirm your report of reception of test transmissions from our station on the morning of Oct. 12 at 4:54 am EST. Your report checks with our station log of that morning and the information in your letter is of particular interest to us due to our station having been in operation only since August third.

Our station power is 250 watts, the transmitter built by Raytheon Co. and the antenna consists of a single vertical tower 165 ft. high which is series fed.

Thanking you for your report and wishing you the best in Dx I am -

Very truly yours,

L.M. Neale
Chief Engineer
