

JOE WILDER, MANAGER

The Voice of the Tri-County Area

BARNWELL, SOUTH CAROLINA

January 1, 1954

Mr. J. W. Brauner
23 Howard Ave.
Williamsville 21, New York

Dear Mr. Brauder:

Thank you for your report dated December 20, 1953.

This is the first daytime report we've received from your area.

WBAW with 250 watts daytime has matched much stronger stations in other areas for short periods.

We use Gates equipment plus a 300 foot windcharger tower.

At the present time I do not know our next night test period.

Thank you for your interest and best wishes for the new year.

Yours truly,

Joe Wilder
