Mr. J. W. Brauner
P. O. Box 22
Valier, Pa.

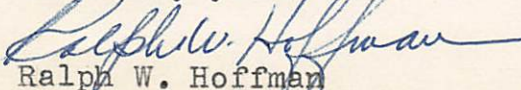

Dear J. W.:

Glad to have your letter of what you heard on Jan. 25 of this year, as we like to know just how far and what our signals are like. We have had quite a number of such communications lately and all about the same as yours. You did hear the station correctly.

You mention that you will be listening on Sunday mornings that we have good show. We have tried to cut out the rock and roll from most of the shows and have had many compliments on doing that.

Originally the writer came from Pa., to be more exact from Chadds Ford, right on the Brandywine Battilefield, noted in the Revolutionary War. Washington's Hd'qtrs, and also LaFayette Hd'qt~~rs~~s located in the area.

Sincerely yours,

Ralph W. Hoffman

Gen. Manager-Chief Engineer--and my wife & I own the thing.

By the way have you ever heard WGFS in Covington, Ga. if so that is owned by our son, (Bill).

Have you every heard, WCPH in Etowah, Tenn. if so our son is the chief engineer and announcer there. (Henry)
