Dear Mr. Brauner,

We are happy to verify your reception of our signal on December 21, between 4:15 and 4:33 AM E. S. T. We hope receiving this verification will bring you some satisfaction after having to wait so long for one. I'm referring to the other times you wrote us and received no answer. It was an oversight on our part and can assure you it won't happen again. Anytime you wish to drop us a card, please do so, won't you?

Thanking you for your letter, we remain,

Sincerely yours,

John W. Martin.
