Williamsville, N.Y.

Dear Mr. Brauner

Your DX letter of December 20, 1949 has been checked against our log of that date and is varified. We use a Collins 20K transmitter to feed a kilowatt to our tower 285' high. We run a frequency check each 3rd Tuesday of the month from 2:30am to 2:40am E.S.T. if you care to listen in again. Thank you for the information contained in your letter.

Yours truly,  
*C. J. Modlin*
