Dear Sir:

In appreciation of your splendid letter containing valuable information concerning this station we write you this letter thanking you for the concise and clear report which you made concerning our DX program, held here a short time ago.

We have received hundreds of letters on this program but none that I have seen have furnished us with as much concrete information as did yours of April 12 and I want to understand that we appreciate such reports as yours and if we can in any way show more emphatically our appreciation and bring you the reward which you deserve, we certainly would not hesitate to send it to you.

Returning to you our compliments and wishing you too "Good Luck" and thanking you again for your splendid report we wish you health and happiness and all the good things of life.

Yours very truly,

K G C R

Manager
