New York

Dear Sir;

This will acknowledge and verify your report on the program broadcast for DX ers on 12 December. Our delay in answering has been due to the usual end of the year business and holiday rush.

We were gratified by the generous response to the program and the fine reports will be appreciated by the engineer. New York state came thru with eleven reports.

My son was able to make it home from West Point for the holidays, but his brother Richard was not. His ship arrived in a west coast port only a few days before the holidays.

Thank you for your interest and fine report. Should we be able to present a similar program for DXers in the future, we'll so inform the various clubs thru their publications.

Very truly yours,

Ida A. McNeil
