23 Howard Avenue,
Williamsville 21, N.Y.

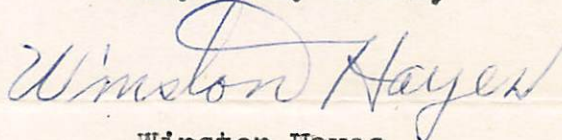

Dear Mr. Brauner:

Have just received your very nice and interesting letter of the 2nd., and wish to "Thank-You-very-much" for writing to us. It gives us a great deal of pleasure to know that our station, with only 100 watts of power, was getting out that far.

It gives me great pleasure to verify your reception of WAEW, Crossville, Tenn. at the times you state in your letter as we were on the air from about 1:30 A.M. and off at 2:58 A.M.E.S.T. and played the music as stated in your letter and the announcements no doubt were heard by you as they were just about as you stated for the parts that you heard.

Thanking you again for your letter telling us of how we were coming in in your town, I remain,

Very Truly Yours,

Winston Hayes,
Chief Engineer WAEW.
